JOIN US.

Guitars Over Guns is a movement that empowers our deserving youth to create, succeed and thrive through mentorship and music. We expose our students to music education and authentic mentoring relationships with professional musicians to help them overcome hardship, find their voice and reach their potential as tomorrow's leaders.

WHY MUSIC?

Community

High quality arts instruction during typically unsupervised hours

Opportunity

Performances give students opportunities that broaden horizons

Guidance

We provide a caring adult mentor to help unlock their full potential

Music lessons with our mentors means educational empowerment, dignity, and mental health stability for our students. And when people like you come together with organizations like us, our students are able to share their stories through song and dance. And that's where the magic begins.

“Guitars Over Guns has taught me to believe in others as much as I believe in myself.”

- Yailin R., alumna & peer mentor

KENT SAVAGE

Kent Savage is an active philanthropist and social entrepreneur who has become, in a short time, a significant supporter and partner to Guitars Over Guns. In addition to being recognized as an international expert in the field of supply chain technologies, Kent was once a jazz musician himself, and his appreciation of music immediately connected him with the students, staff, mentors and other stakeholders of Guitars Over Guns. Kent understands the unifying power of music and how its healing powers can bring hope and light to the world. This past year, our

communities, students and mentors stood strong through many challenges. Kent provided the support and dedication to inspire our mentors and students to voice their feelings and advocate for social justice through music. He shared the vision for our students and mentors to conceive and create an album of their own voices, in their own words, as a way to articulate what we all experienced in 2020. A true partner and friend to Guitars Over Guns, Kent has also supported our Mentor Relief Fund and is one of the largest contributors to our Choose Your Sound Benefit Concert through his own artistic platform, Savage Content. Kent has become a part of the organization and is active in meetings, serving on committees and sharing the mission of Guitars Over Guns with those around him.

THE RAIN MAY BE POURING

The mentors and students of Guitars Over Guns inspired Kent Savage to support a unique musical journal entry reflecting this moment in human history. The Rain May Be Pouring album features original music by emerging talent and spans genres from spoken word to rap, pop and jazz. The diverse musical styles are representative of the brilliant Miami and Chicago artists who work with students in the cities' most vulnerable neighborhoods.
