

# GUITARS OVER GUNS

JUNIOR BOARD OF DIRECTORS  
OPPORTUNITY OVERVIEW

# WHO ARE WE?

---

Guitars Over Guns (GOGO) is a dynamic nonprofit that empowers underserved youth to overcome challenges through the transformative power of music, mentorship, and holistic support. Founded in 2008, GOGO offers free, after-school programming in 24 schools and 5 community studios in Miami, as well as programming in Chicago, NYC, Las Vegas, and Los Angeles. Professional musicians, who are paid and trained by GOGO, serve as mentors, guiding students through various creative disciplines such as drums, production, guitar, vocals, and even photography and fine arts in some schools.

GOGO's programming goes beyond music, integrating mental health support and career support services. A dedicated career coach visits program sites to provide college counseling, survey students' goals, and offer career guidance. Music serves as the initial draw for students, but GOGO's true impact extends far beyond, providing essential resources for mental well-being and personal growth. Over 90% of our students demonstrate improved academic performance and decision-making skills.

By focusing on social-emotional development and creative expression, GOGO is shaping the next generation of leaders, and we are seeking passionate individuals to join us in this mission to support our youth in all aspects of their lives.
